How We Do it.

We understand that clients want to work with a strategic partner who will value and nurture their brand as much as they do.

We also recognise that clients need to promote their brand in a hassle-free manner, working with a partner that offers excellent customer service as standard.

Operating since 2019 we have gained extensive local working knowledge in numerous fields.

Utilising this information allows us to efficiently support our clients no matter type or location of the project.

What We Do

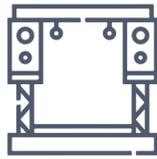

LARGE FORMAT PRINTIGN

Branding is the most important part of any commercial event. We offer quality design and production of exhibition graphics that can be used as an exhibition or stage backdrop.

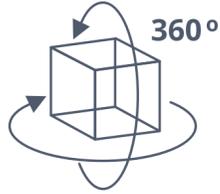

Exhibition Stands :

Our exhibition department offers exhibition stand design and production of a range of exhibition solutions. From off the shelf to bespoke exhibition stands created by one of our exhibition designers. Our conference exhibition event services include set-up and stand clearing.

Set AT STAGE

From large scale indoor exhibitions to outdoor festivals and events our set & stage designers will ensure your brand and event has impact. Set design and production is tailored to the client's.

3D visualization

We realise your meeting or event set up with 3D renders, so that event planners and conference organisers can visualise all aspects of the event venue and set up before build.

Design

Our design team is made up of creative, architectural trained designers who
